PERSONAL STATEMENT

OBJECTIVE

- I am an aspiring web developer with hands-on experience in both front-end and back-end development.
- I am actively seeking to contribute to real-world projects, as well as enhance my skills in full-stack development.
- I am excited to grasp strong problem-solving abilities and a collaborative spirit in a dynamic team environment.

EXPERIENCE

CODEALPHA | Web Development Intern
October. 2024 – present | Remote

- Design and develop at all layers (front-end + back-end) public-facing web applications for users that provide access to various resources and services.
- Utilize front-end skills to implement responsive and interactive front-end components, work with back-end to develop and maintain server-side logic.
- Assist in testing web applications for functionality and performance, identifying and resolving bugs to improve overall software quality.
- Maintain thorough documentation of code, processes, and workflows to facilitate knowledge sharing and onboarding of new team members.

PROJECTS

- **BMI CALCULATOR** | JavaScript, HTML, CSS
